

The Children's version of our aims

- ✓ To make sure that we all work together in a happy and safe school where everyone is involved and is encouraged to do their best.
- ✓ To allow the children to give and share ideas, having care for others in our community and around the whole world.
- ✓ To create a school where the children have a passion for their learning so they are proud of everything they do.
- ✓ To encourage the children to live in a Christian way, having an understanding of the church and bible stories, as well as accepting that other people have different beliefs.
- ✓ To ensure that the children understand what is right and wrong, use good manners, and care for each other; where we all get on and relationships are strong.
- ✓ To help everyone to understand how to live a healthy life style and be able to make their own sensible choices.
